

Features & Benefits

- Universal AC input voltage(120-277VAC)
- Linear form factor, metal sheet case(white), side feed
- Isolated 0-10v dimming interface, dim down to true 2.3 mA
- Low standby power: <0.7W@120VAC
- Suitable for indoor use
- Flicker free, excellent camera compatibility, spec-grade smoothness
- Class2, Class P
- Comply with IEEE1789, UL8750

USB programmable feature:

- ◆ Output current, dim to off, min dimming level
- ◆ Otp point of driver, led module thermal protection, luminous decay compensation,
- ◆ End-of-life indicator, fade in time, over load protection point
- ◆ Dimming curve: Log/linear/square dim curves

Programming

The driver can be programmed through USB.

- Output current(1mA step)
- Dim to off, Min Dimming Level
- Output voltage of aux power
- OTP point of driver
- LED thermal protection
- Luminous decay compensation
- End-of-life indicator
- Fade in time
- Over load protection point
- Log/linear/square dim curves

USB port	The USB port can recognize the type of input signal, analog or digital. So the driver can be easily connected to a digital control system, or can be connected to an external NTC / rheostat / current selection switch to set the driver(eg: output current , dimming level, and so on).

0~10V or Resistor Dimming

The 0~10V or resistor dimming can be used to dim the output Current via a standard commercial wall dimmer (0~10V_{DC}) or an external control voltage source (0~10V_{DC}) or external resistor.

Dimming Curve	Linear. please see "Dimming curve".

LED Thermal Protection (NTC) Characteristic

The LED thermal protection feature of the driver helps reduce the temperature of the LED module by reducing dual output current together in case of abnormal temperature conditions.

In the end application, care must be taken to place the NTC thermistor close to the hottest spot on the LED module.

If LED thermal protection is not required the NTC port on the LED power supply connector can be left open.

Graphs for reference. The derating limits can be programmed using the Light Touch.
